Figure 1: Schematic representation of the experimental design. The figure shows a flowchart of the experimental design. It starts with 'Pretest' (N=10) leading to 'Main Experiment' (N=100). The 'Main Experiment' is divided into 'Control' (N=50) and 'Treatment' (N=50). The 'Control' group is further divided into 'Control 1' (N=25) and 'Control 2' (N=25). The 'Treatment' group is further divided into 'Treatment 1' (N=25) and 'Treatment 2' (N=25). The 'Main Experiment' also includes 'Posttest' (N=10). The 'Main Experiment' is further divided into 'Pretest' (N=10) and 'Posttest' (N=10). The 'Main Experiment' is further divided into 'Pretest' (N=10) and 'Posttest' (N=10).
